

# Designing a stronger future for healthcare—today

Because the wellness of millions is our top priority

For more than 20 years, Calian has been providing world-class, cost-effective healthcare solutions to help people lead healthier lives. By combining cutting-edge digital technology, clinical expertise and exceptional service delivery, our team tailors solutions to your organization's needs. We enable new pathways to better care, increase efficiencies and safeguard your critical systems. We are your trusted partner in shaping a successful future for healthcare—today.

## Why choose Calian?

- **Expansive network of specialists:** We have one of Canada's largest networks of more than 2,800 accredited health professionals—from physicians and nurses to occupational therapists, paramedics and mental health professionals—across 85 specialties.
- **Extensive experience:** We have decades of experience providing digital, clinical and pharmaceutical healthcare solutions and staffing across industries, from law enforcement and manufacturing to government departments, hospitals, life sciences and more.
- **End-to-end solutions:** By combining our clinical expertise, digital health platforms and health services capabilities, we deliver best-in-class end-to-end solutions that address the most complex needs of our customers—resulting in improved access to care and a better patient experience.
- **Cutting-edge technology:** Our digital health solutions are designed to enhance access to high-quality healthcare by seamlessly connecting patients and care providers.
- **Solid track record:** Our health solutions have resulted in an average of 32 per cent in cost savings per patient, 72 per cent reduction of administrative tasks and 38 per cent fewer visits to the emergency department.
