

End-to-end healthcare services for diverse needs

Calian can help you deliver and manage a full spectrum of high-quality healthcare services for your organization's short- or long-term healthcare needs

Why choose Calian?

Cross-country connections

With more than 2,800 healthcare professionals across 85+ specializations, we are among Canada's largest healthcare provider networks.

Consistent track record

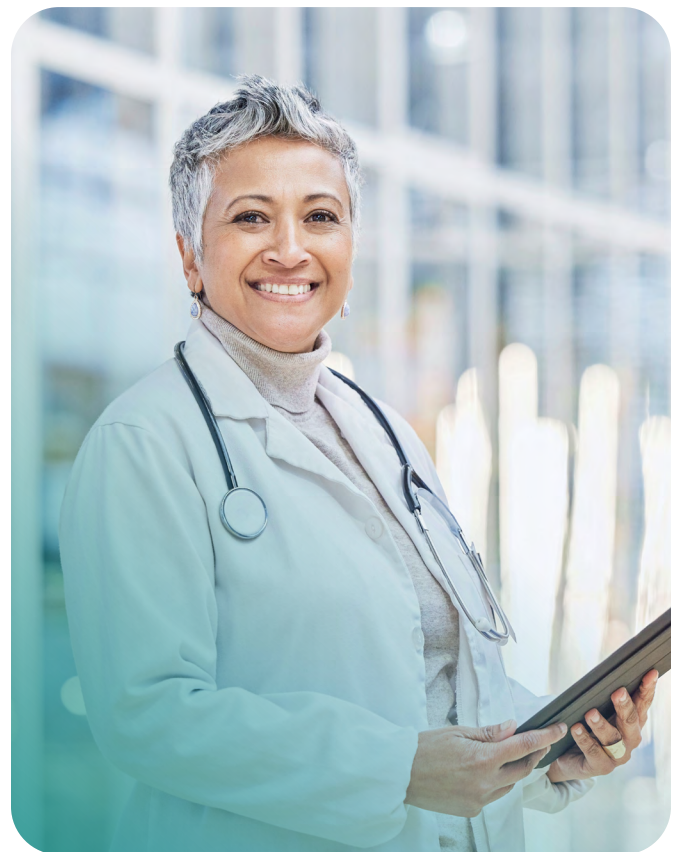

We have more than 20 years of experience in helping public and private organizations provide essential health services and support more than six million patient visits annually.

Diverse expertise

We serve a diverse client base in industries such as mining, public safety and security, oil and gas, and manufacturing.

Customized healthcare solutions

In collaborating with partners and multidisciplinary providers, we can deliver tailored solutions to meet a full range of healthcare service needs.

Key services

Medical

We provide full medical clinic solutions. Working with physicians, nurses, dentists, mental health and other allied health professionals, we deliver custom programs, as well as medical evaluations, research services and policy development.

Psychological

From pre-employment suitability assessments to mental health and resilience training, wellness programs and psychological services for specialized law enforcement roles, we are here to support your team's well-being.

Property management

Working with strategic partners, we have more than 145 clinics across Canada where doctors provide clinical services.

Turnkey solutions

Whether it's recruiting, staffing, back-office support or ongoing management, we support a full range of healthcare needs.
