

Calian's medical services

A customized approach to meet all your healthcare needs

Calian offers innovative, high-quality solutions to enhance the health and well-being of patients, regardless of the setting. We have extensive experience providing healthcare services to a diverse client base in both private and public sectors—from hospitals, law enforcement agencies and military communities to all levels of government, manufacturing facilities and more.

Why choose us?

Cross-country connections

With more than 2,800 healthcare professionals across more than 85 specializations, we are one of Canada's largest healthcare provider networks.

Extensive experience

We have been helping public and private organizations provide essential health services for more than 20 years.

Diverse expertise

We serve a diverse client base in industries such as mining, public safety and security, oil and gas, manufacturing and more.

Tailored services

Collaborating closely with partners and multidisciplinary providers, we can deliver custom solutions to meet client needs.

Key services

Full medical clinic solution

Working with physicians, nurses, dentists, mental health and other allied health professionals, we deliver custom programs, as well as medical evaluations, research services and policy development.

Staff augmentation

We provide highly skilled, dependable healthcare professionals to augment your workforce for emergency, short- and medium-terms.

Paramedic practice

Our paramedic team is committed to providing excellent patient care in a variety of settings.

Special projects

We can customize services for specific events and healthcare needs, be it a pop-up clinic for vaccinations or a temporary distress call centre.

Remote and on-site healthcare

We deliver comprehensive healthcare services to remote and northern communities.
