

On-site healthcare

Custom programs designed, staffed and managed to meet your most complex needs

Calian's network of highly skilled medical and mental health professionals help organizations provide health services in a variety of traditional and non-traditional settings. We work with clients in the public and private sectors to deliver highly effective on-site healthcare programs tailored to their needs.

Why choose us?

Extensive experience: We've been developing and implementing effective onsite healthcare solutions for clients in public and private sectors for more than 20 years.

Customized solutions: Whether you need short- or long-term healthcare services—and a few or a few dozen providers—we have you covered.

Cross-country connections: With more than 2,800 healthcare professionals across 85 specializations, we are one of Canada's largest provider networks.

Proven track record: By implementing an on-site paramedic program, we helped a municipal law enforcement agency save \$40,000 per month in transportation costs to hospital.

“Your dedication and professionalism were evident in every interaction and deliverable. From the initial stages of our collaboration to the final completion, your team consistently exceeded our expectations.”

Customer: A federal government agency

Services: On-site health and wellness checks
